<https://asesec.org/jornadas-de-economia-industrial/>

The **Department of Economics of Universidad Pablo de Olavide (Sevilla, Spain)** is delighted to host the **XXXVIII Jornadas de Economía Industrial**, to be held in **Sevilla, Spain, on 5-6 September 2024**.

The *Jornadas* is an annual international meeting of researchers in Industrial Economics organized by the Committee on Industrial Economics of the Spanish Economic Association. Since 1985, the meeting provides a forum for researchers to discuss their work in progress, share ideas and network.

We welcome submissions of high-quality papers – both empirical and theoretical – in Industrial Organization and related fields. Authors may submit more than one paper, but only one accepted paper can be presented. All papers must be written in English, and submitted as PDF files with a maximum size of 3MB vía the online submission platform available at:

<http://editorialexpress.com/conference/JEI2024/>

The **deadline** for paper submissions is **April 15th, 2024**. Authors will be notified about the status of their submissions by **May 15th, 2024**.

Important: Authors of accepted papers should register by **June 15th, 2024** in order to have their papers included in the final conference program. As it is traditional at the Jornadas, inclusion in the program is conditional on the presenter's willingness to serve as a discussant in one of the parallel sessions.

The *Jornadas* conference program consists of contributed and invited sessions. All papers in the contributed sessions have a discussant. We are pleased to announce the invited speakers for 2024.
